NuStar's new 300,000 square-foot corporate office has become a landmark on the north side because of its Hill Country-themed architecture and prominent location atop a hill. The natural beauty of the 37-acre site was maintained by preserving a lot of the existing trees, plants and shrubs; creating landscaped areas that blend in with the natural terrain; and constructing a beautiful terrace with a water feature and fire pit. The building itself was designed with a lot of windows and balconies to take advantage of the beautiful views of downtown San Antonio to the south and the Hill Country to the north.
